About me

I'm a Front-End Developer, I love to create beautiful and functional websites. I possess a knack for problem-solving and analytical thinking. My journey in the IT field has equipped me with proficiency in HTML, CSS, JavaScript, Bootstrap, React.js, and Python enabling me to bridge the gap between traditional engineering practices and modern digital solutions.

Experience

- **2022-2023**
  PCB Planet (India) Pvt. Ltd. I Gandhinagar
  Front End Engineer (PCB Cam Work)

  Worked as a bridge between Client and Production, While receiving the designed PCB data, Converting PCB design as per Standards using Ucam-X pro software and sending it to production meeting the deadlines.

- **2021**
  Task flow answer Pvt. Ltd. I Anand
  Patient intake associate
  Processed the fax documents of hospitals in US, Providing the supplies as per Rx received in fax by Doctors.
